Summary

I am a Computer Science student and I am interested in Data Science. I have learned about basic tools like Git, Linux, and Docker, and have worked on Python and Jupyter Notebook. Now I am trying to understand the concepts of machine learning and data analysis. I am interested in learning new tools and want to gain practical knowledge by working on real projects.

Pursuing a bachelor degree (B.Tech) in Computer Science & Engineering With Specialization In Artificial Intelligence from RTU, Kota.

Looking for a challenging career where there is scope for demonstration, imagination & passion is valued.
